Meet Your Consignors

Bridgeport Boer Goats Consignor KCEP

Bridgeport Boer Goats is named after an old land mark located between Corydon and Promise City Iowa and owned and operated by Chad and Sarah Peck and daughters Riley, Reese and Brystal. We got involved with boer goats 9 years ago when our oldest daughter started in 4H. What started as just a 4H project with 2 goats has grown into a herd and something our entire family loves doing together. We enjoy traveling to shows and are thankful for all of the people we have met through the goat industry.

Lamoni Farms Consignor ERWIN

Lot 11, 21, 27, 35, 46 & 58

Double A Boers Consignor DBLA

Double A Boers is located in Montezuma, IA and owned by Mike and Lisa Huff. Double A is named after our 2 daughters; Ashlyn and Alayna. We got our start about 6 years ago with 2 does when our oldest daughter joined 4H. We are striving to raise and sell quality breeding and show stock. Our family is very excited to be apart of the Midwest Muscle & Bone Boer Goat Sale for the 2nd year.

PJ Boer Goats Consignor PETY

Raising quality show goats is what we have been doing for over 8 years. What started as our son's 4H projects turned into our interest in showing across the Midwest. Our goats are sired by some of the top Ennobled bucks in the ABGA.

H & H Show Goats Consignor HHSB

We are from Eddyville. My sister and I got in the goat business by showing a few wethers then we got addicted. We added few does to our herd! we have a passion for the meat goat industry and we feel there is a bright future in boer goats and we want to share our passion and goats with you all.

C&J Scholl Farms Consignor CJSF

We live in Southwest Iowa with our three children, Natalye, Faithlynn and Braxton. We raise Percentage, and Fullblood Boer Goats that our kids show in Iowa and surrounding states. We are very involved in the youth activities and believe that they are the key to our future. We have had the opportunity to raise and show many champion goats and hope to give you the chance to own one of them too.

Lil Dudes Show Goats Consignor LDSG

Lil Dudes Show Goats started back in 2007 when our daughter started showing in 4H. We live in Eddyville, IA and have been raising fullblood and percentage goats ever since. We are excited to be a part of the Midwest Muscle & Bone Sale for the first time.

Lot #10, #20, #43, #57

Wicky's Rockin' Boer Goats Consignor WICKY

Wicky's Rockin' Boer Goats is out of northwest Iowa. Josie and Zane started showing goats in 4-H and FFA and have been showing ever since. They are super excited to be included as consignors in this sale!

ZK Boer Goats Consignor ZK

We're a brother and sister duo who raise wether bred and registered Boer goats. Our goal is to get high quality goats into the hands of exhibitors and help them succeed in the show ring. Lots 2 & 49.

3D Livestock Consignor 3DL

We are a small operation in Central Iowa. We truly believe there is no greater avenue to raise a family than on a livestock operation, big or small. If I may steal a phrase from Deb Core, showing livestock is what God gave us to raise our girls. Kelly and I believe that and are excited to give this experience to our three girls! In addition to raising our girls, we hope to raise some good livestock and gather a lifetime of memories, (and hopefully a few banners) along the way!!

First look at her color and the fact that she is a big as a tank! This one really is a hard one to let go of. Start with her beautiful roman head and horn set that just flows elegantly down to a wide level top. Now look at the wide chest floor and good set of legs under her. Then you get to the rear end of this doe and she still is not giving anything up. She is 2x2 on her teat structure and has good pigment. Her only flaw is she lost a tooth when she was little so right now she will not pass ABGA standards. When her two-year-old teeth come in she should be good. But don't let a tooth stand in your way of a doe that is ready to meet a buck or be in a county show. She is sure one you should not miss.

This fullblood is a late bloomer that will be sure to catch your eye. She'll be competitive in the ring, but ultimately will add some style and muscle to your breeding program. She's big topped, big ribbed, and is great in motion. Her teat structure is not show correct, but she will be competitive in the commercial breeding doe division. She's out of an Able Acres doe that won a couple regional shoes in Oklahoma as a wether dam, however never made our show string due to an accidental breeding! Punkin' is sired by our buck Duke that sired Claire, our 2017 Iowa State Fair Commercial Reserve Grand Champion Doe, as well as eight other females we raised that made it to the backdrop multiple times! But if you really want to be impressed, take a look at her pedigree! She can be registered at the buyers request.

As part of our herd reduction, we've selected some does that are sure to go on to do some good for others. Shadow's potential has yet to be reached! This one comes with an impressive pedigree and can work for multiple programs. She's an easy keeper and has had her kids unassisted. While we breed for females, this girl raised a wether that went on to be competitive down in Texas. Beautiful style, and maternal look, this girl can add a splash of color to keep up with today's trends! She's registered and is show correct (2x2).

As part of our herd reduction, selecting this girl to sell has been a very contentious issue around our house! She kidded unassisted and was a great mother. Her doe kid last year made our online sale and went on to win Champion Commercial Doe at the IMGFA Fall Finale. Fergie's pedigree is impressive if you want to pursue raising fullbloods, but her width, bone, and gorgeous front end would lend very well to be a donor doe for a wether program. She's registered and show correct (2 x 2).
